RAMS 457(b) SAVINGS PLAN

OUTPERFORM RETIREMENT

RAMS
Retirement Asset Management Services

RTG Region 10 ESC

WHAT IS THE 457(b) SAVINGS PLAN?

Your school district has chosen to offer the Region 10 Retirement Asset Management Services (RAMS) 457(b) plan as a way to help you save for life beyond your working years. While your TRS pension may be enough to cover your expenses when you first retire, your reduced monthly income may not be enough to cover expenses from factors like medical bills, taxes, or your desired standard of living.

In the past, educators were mostly limited to traditional 403(b) plans with high fees and limited investment options. Region 10 Education Service Center, in cooperation with districts like yours, developed the RAMS 457(b) savings plan to provide a better alternative.

From the beginning, the RAMS 457(b) savings plan has provided access to high-quality, low-cost mutual funds, and professionally managed portfolio options. These portfolios, built based on varying levels of risk, give you the ability to choose the amount of risk that best fits you. As an added benefit, TCG Advisors will manage the allocation for you.

The funds and portfolios are reviewed quarterly by the Region 10 Investment Advisory Committee.

WHY CONTRIBUTE?
