SLACH
FOR A GREAT
BODY

HOOK STATEMENT

“One of the most feared expressions in modern times is, ‘The computer is down.’” Norman Augustine

BS (BROAD STATEMENT)

You spend over half the day with it. It's a toy, it's communication, it's a learning device. It's a computer.

TS (THESIS STATEMENT)

Although a lack of computers could have some positive outcomes, the world would be negatively impacted without computers because of the effects on healthcare and the economy.

Reason 1: (FROM T-CHART)

Healthcare would not be as advanced without computers.

Elaborate: (ON REASON #1)

Computers are used for everything from organization of files to life support.

Example (SLACH):
TO SUPPORT REASON 1

Many hospitals and doctors file medical records electronically.

Explain ↑:
SLACH 1

For instance, Drs. and nurses observe the patient with a computer in the room or a tablet in hand for immediate input of information and diagnosis.

Example (SLACH):

2ND EXAMPLE TO SUPPORT REASON 1

Medical attention is available quickly due to MRI, CT-Scans, and other advanced machines.

Explain ↑:
SLACH 2

Patients who are experiencing chest pain will get a scan to see if there is any blockage, which could eventually save a life due to immediate medical attention.

Reason 2:
FROM T-CHART

Computers enable the world many advances due to the increases of economy opportunities.

Elaborate:
(ON REASON 2)

More jobs will be available because machines need people to run them and designing of advanced machines will be used to increase the ability to meet the demands of supply.

Example (SLACH): TO SUPPORT REASON 2

- Many machines have been created therefore opening many job slots which helps with the unemployment rate.

Explain ↑:
SLACH 1

For example, factory workers are needed to run the machines down the assembly line for many industries to keep up with the demand.

Example (SLACH):
2ND EXAMPLE TO SUPPORT REASON 2

Meeting the supply and demand through the work of the stock market would not be possible without computers.

Explain ↑:
SLACH 2

Computers allow for more production
therefore creating more money for the
economy.

Restate TS:

Healthcare and the economy has had many advances to ensure the nation is positively impacted because of computers.

Broad Closing Statement (BCS):

Computers are the way to go.
