Loss of Credit

Averaging Policy

Loss of Credit–Attendance Policy

A student will automatically lose credit for their classes if they miss more than **4 days in a nine week period** whether or not the absences are excused. Upon return of an absence, a student has only 3 days in which to submit an excuse to the attendance office, otherwise the absence will remain unexcused.

- If the absences are **excused**, a student will be given the opportunity to attend Saturday schools for every additional day they missed. Deadlines do apply.
- If the absences are **unexcused**, a student will lose credit for the classes and will not be able to make them up by attending Saturday schools.

  Students will be given the opportunity to turn in an

  "Appeal Letter" if there are extenuating circumstances.

Averaging Policy

The student must have a semester grade of at least a **65** to qualify for the averaging of two semesters.

The average of both semesters must be a **70** or higher for credit to be earned.

Averaging policy does not apply for lost credits due to attendance.
