**Google Classroom/Meets Daily Routine**

- Teachers will be posting attendance within the first 5 minutes of class; therefore, students must log in on time according to the above schedule.
- After attendance, the teacher will utilize the “I do,” “We do,” “You do” approach which ensures live instruction for a minimum of 30 minutes at the beginning of the class period. Please note that the “I do” portion could possibly be segmented throughout the block depending on the teacher’s lesson plan for that day. Rest assured that every day there will be an opportunity for students to practice the concept(s) of the day with the teacher during the “We do” portion of the lesson, and finally there will be independent practice during the “You do” portion. Students may choose to exit the google meets at the “You do” part of the lesson or remain online with the teacher to receive additional support until the end of the block.
- We have included a lunch break in the daily schedule for both teachers and students.

**Our goal at Sharyland Pioneer High School is to offer quality instruction without limiting students to a computer screen all day; therefore, we want to be able to offer them the independence they need to work on their own once they have demonstrated understanding of the material each day.**
