District Vehicle Search and Seizure Policy

All vehicles are subject to search and seizure if a reasonable cause exists (example: sniffer dog alerts). Penalties allowed by policy will be enforced if prohibited or stolen items or illegal substances are found. Hunters should be especially aware to remove any weapons or ammunition from their vehicles. Failure to comply with this policy and procedure will result in administrative and police action. Refusing to comply with this policy will also result in the removal and suspension of the student parking permit.

I understand and agree with the search and seizure policy

General Information

1. One parking permit will be issued per student for the 2021-22 school year.
2. If a student changes vehicle, he/she must return the old permit before a new one can be acquired (*if an old sticker is returned, the five-dollar fee will be waived*). Permits are designated for one vehicle and cannot be removed and placed on another.
3. The permit will be placed on vehicles belonging only to the student.
4. A parent must sign the forms before a permit is issued.
5. Vehicles may not display any bumper stickers or other forms of writing or pictures that are offensive, provocative, obscene, or advertise alcohol/tobacco products
6. Vehicles must be parked properly so that they do not impede traffic.
7. If for any reason there is overflow parking in student parking lot, additional parking is located on the east side of the football stadium.
8. Temporary parking permits can be obtained when a vehicle cannot be driven due to mechanical reasons. – *See Ms. Ramirez (Assistant Principal's Office) for temporary parking permit*
9. See Mr. Eric Flores, Assistant Principal (A Building, AP Office) for any questions regarding student parking rules and procedures.
10. Parking Permits will be removed for unsafe driving and any other permit or vehicle infractions. The length of suspension will be determined by assigned Assistant Principal. Students will then need to submit a new permit registration form, with an additional \$5 fee to obtain a new permit.
11. Any student that removes a permit from a designated vehicle and places it on another, removes a permit and sells or gives it to another student or provides false information, will have their parking permit removed and suspended for the remainder of the year.
12. Failure to maintain all Texas State plates, driving and vehicle maintenance requirements will result in the suspension of school driving privileges until requirements are updated. The parking permit will be removed and a new one must be purchased when updates have been completed.
13. Mission Police Department Officers are assigned to our campus and are also responsible for all vehicle and driving requirement approvals prior to purchasing a parking permit.

This verifies that I have read and understand all of the rules, procedures, and consequences regarding the STUDENT PARKING PERMIT POLICY.
