SYLLABUS
Entrepreneurship
Instructor: Mr. Alvarado
Room: B200
Conference: 5th Block
Email: Use the contact me on school website

Course Description:

In Entrepreneurship I, students will gain the knowledge and skills needed to become an entrepreneur. Students will learn the key concepts necessary to begin and operate a business. The primary focus of the course is to help students identify the types of business structures, understand the components of a business plan, determine feasibility of an idea using research, and develop and present a business concept. In addition, students will understand the basics of management, accounting, finance, marketing, risk, and product development.

Course Outcomes:

The objectives of this offering are to:

- To Pass your Entrepreneurship and Small Business Certification Exam
- To acquire the basic understanding on how to manage a business.
- Understanding of business terms and principles
- Acquire soft skills needed in the business field

Course Policies:

<u>Missed Classes</u>: All students are responsible to be in person for the 2023 -2024 school year. All lessons will be posted in Google Classroom. It is the student's responsibility to contact his/her instructor should they be out for any reason and will be responsible for assignments according to the district policy. Any questions about an assignment should be addressed via email with instructor.

<u>Academic Dishonesty</u>: Plagiarism and cheating are serious offenses and may be punished by failure on exam, paper, or project; failure in course. For this class, it is permissible to assist classmates in general discussions. General advice and interaction are encouraged. Each person, however, must develop his or her own solutions to the assigned projects, assignments, and tasks.

<u>Posting of Grades</u>: All numerical grades will be posted on the Google Classroom and synced to SKYWARD. Students and Parents are responsible for obtaining access to Skyward. Skyward is the official grade book.
